### INTRODUCTION TO ALBUM:

Ultrabeat is Mike di Scala (pictured on the right) and Chris Henry (left) who both hail from Liverpool and who are also known under a whole host of different aliases as DJ's, producers and performers across many different genre's of the UK dance scene some of which you will probably recognise - Rezonance Q, BCD Project, [Whelan & DiScala](#), M&C and ReCon to name but a few and it was through the Rezonance Q alias and the track '[Someday](#)', that AATW first came into contact with Mike di Scala. Whilst sat in Mikes studio discussing Someday, Mike played us '[Pretty Green Eyes](#)', a cover of the old happy hardcore track by Force & Styles. Mike has sung the majority of the Ultrabeat tracks though guest vocalist Rebecca Rudd has sung tracks like Elysium, Sure Feels Good and I Wanna Touch You. The first single from the album was [Discolights](#), it reached #21 in the [UK Singles Chart](#). The current single [Use Somebody](#), a cover of [Kings of Leon](#)'s track from their multi-platinum album [Only By The Night](#) is already receiving airplay from Highveld, KFM & SABC 3
