The end of this year unveils “Praha Siddharta” - Spirit of Buddha-Bar Hotel - brand new face. The re incarnation of Siddharta has taken place under a total new style for “Praya Siddharta” release.

You will discover an amazing new atmosphere, entering dreamy landscapes while the artwork is, for the very first time, more pop-art/ Indie orientated.

Ravin, in charge of the music selection, has chosen for you 17 sound gems found hidden away amongst dust.

Why such a change?

This new Siddharta volume celebrates the opening of the first Siddharta Café.

This brand new concept of a place will open doors in the majestic Buddha-Bar Hotel situated in the stunning city of Prague.

Time to travel in delight once more taken by the legendary Buddha Bar Spirit...
