INTRODUCTION TO ALBUM:

“The Voice of Pavarotti and the looks of Brad Pitt” News Week

Cortes is a unique talent from a unique land. His name may appear Spanish but he's from Iceland, where his debut album was the fastest selling release ever. When the album was released in the UK in April it shot straight to number one in the classical charts and stayed there for 3 weeks, keeping the likes of Pavarotti off the top spot. The album has received great critical acclaim and he has managed to carefully appease the purists of the classical world as well as reaching out to a more mainstream audience.
