INTRODUCTION TO THE ALBUM:

Jesse Clegg has arrived & is ready for the big time! Son of South Africa's legendary Johnny Clegg, Jesse is sure to follow suite in his own unique way. "When I wake up" was produced over a two-year period as Jesse wrote & recorded tracks that would go onto become his debut album. Having grown up living on a tour bus & travelling the world inspired Jesse to pick up the guitar and go about setting out his own musical path. The first single "Today" has already caught the attention of every major radio station in South Africa, making it an instant hit. The music video for the same song will be the first time the public actually see Jesse performing & will delve into the creative & inspiring world of Jesse Clegg. The album leaves a lot up to the imagination of the listener, with interesting lyrics & unusual arrangements that truly make this artist unique. Jesse Clegg's debut album will surely go onto become a part of every South Africans life in 2008.
