INTRODUCTION TO THE ALBUM:

Nickelback: Live At Sturgis captures an explosive live moment in the world of one of rock's greatest modern day recording and touring artists. Vividly filmed in stunning Hi Definition by 15 cameras in front of a rousing crowd of 40,000, it's a must-have DVD for fans of the beloved Canadian rockers

This DVD is the first to contain all new material from the band in over two years. It captures Nickelback in all of its sprawling glory as the guys pound out a set full of fan favourites and modern day classics from the band's first three multi-million selling albums *'Silver Side Up'* (2001), *'The Long Road'* (2003) & *'All The Right Reasons'* (2005). The release of *Silver Side Up* in 2001 propelled Nickelback into global domination. The Single *'How You Remind Me'* was a huge success across the globe, peaking at No. 1 on the American & Canadian charts at the same time. On its release, the following year, in the UK it peaked at number 4 in the official singles charts and spent 15 weeks in the Top 40. Now, with countless No.1 selling singles crossing all formats, three multi platinum albums, numerous award nominations, a myriad of magazine covers and worldwide sell-out tours, Nickelback has proved that they are a force to be reckoned with... a rock 'n' roll juggernaut.
